

On the reverse side of the contract, below your name and mailing address is your Diamond Head Customer Account Code. Please enter it HERE _____

Use **PART A** of the contract to let us know exactly how many times throughout the irrigation season you'd like to have one of our irrigation technicians come to your property for a service call. Simply circle the appropriate number at the bottom of **PART A**. Once you've decided on the number of visits, select which months work best for your schedule. Place a check mark next to the month of your choice. If you wish, we can come twice in the same month. Just remember, the number of check marks must match the number of visits you have selected.

PART B tells us the duration of the irrigation visits you have selected in **PART A**. If you have a small 3 zone irrigation system, you may not require a full hour for a service call. However if you have a large 13 zone system, you may need our technicians on site for 90 minutes to adequately maintain the irrigation system. In the example, the selection in **PART B** tells us that each of the four visits selected in **PART A** are to be 45 minutes long. Each one of these visits amounts to \$95.00 per visit.

Use **PART C** of the contract to let us know exactly how many times throughout the season you'd like to have one of our lighting technicians come to your property for a service call. Simply circle the appropriate number at the bottom of **PART C**. Once you've decided on the number of visits, select which months work best for your schedule. Place a check mark next to the month of your choice. If you wish, we can come twice in the same month. Just remember, the number of check marks must match the number of visits you have selected. Make a selection here only if you have landscape lights and require our lighting services.

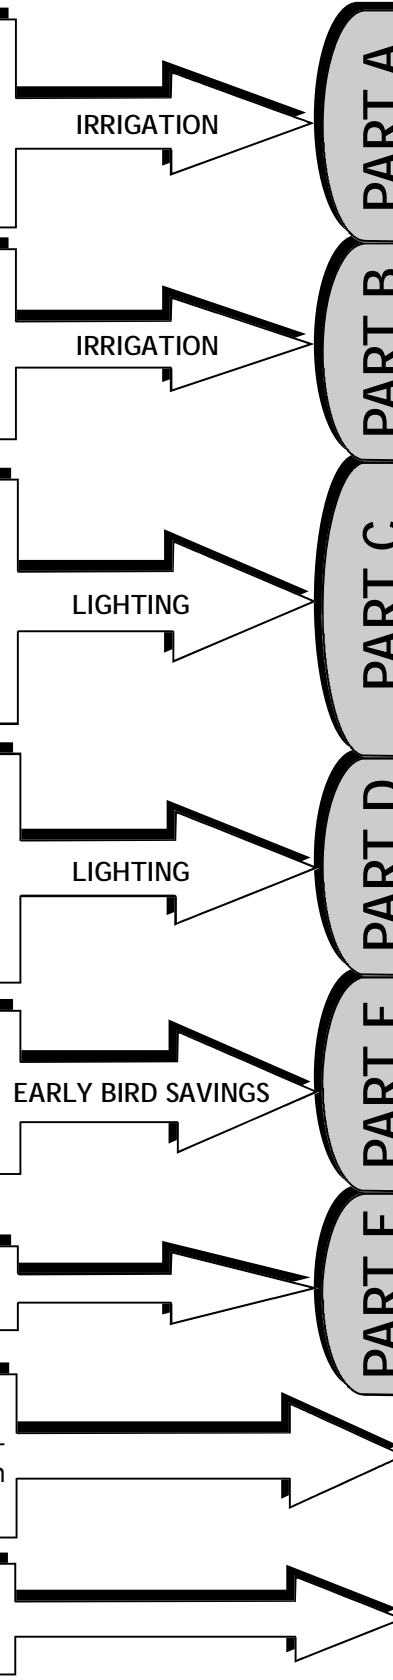

PART D tells us the duration of the lighting visits you have selected in **PART C**. If you have only 3 light fixtures, you may not require a full hour for a service call. However if you have 18 fixtures, of which 9 are located in trees 35 feet up, you may need our technicians on site for 90 minutes to adequately service the lights. In the example, the selection in **PART D** tells us that each of the 6 visits selected in **PART C** are to be 30 minutes long. Each one of these visits amounts to \$65.00 per visit. If you did not make a selection in **PART C**, then skip this section and go to **PART E**.

Fill in the boxes in **PART E** with your selections from **PART A**, **B**, **C**, and **D** where applicable. You will be able to take advantage of the GST savings if you remit payment on or before March 15th. If you are unable to remit payment before March 15th, then your contract total will be subject to GST. If you are planning to remit payment before March 15, then you may leave **PART F** blank.

PART F is to be filled out if you cannot take advantage of the **EARLY BIRD** discount and must remit payment after March 15th. In this case, the additional 5% GST is applicable.

Choose your preferred method of payment and fill out this section accordingly. Please remember to sign the contract regardless of your method of payment. This is a binding agreement and your signature must appear on the contract. In the example, this contract was returned to us after March 15th and before April 1st and the client sent us a cheque.

Place a check mark in the appropriate box to indicate which day(s) of the week are **NOT** convenient for our technicians to come to your property for a service call. In this case, the client has indicated that Thursdays are not a good day for a service call.

PART A **IRRIGATION**

NUMBER OF IRRIGATION VISITS REQUESTED (How often would you like to have a service technician visit your site?)

APRIL	<input checked="" type="checkbox"/>	MAY	<input type="checkbox"/>	JUNE	<input checked="" type="checkbox"/>	JULY	<input type="checkbox"/>
AUGUST	<input checked="" type="checkbox"/>	SEPTEMBER	<input type="checkbox"/>	OCTOBER	<input checked="" type="checkbox"/>	NOVEMBER	<input type="checkbox"/>

TOTAL NUMBER OF IRRIGATION VISITS IN THE SEASON (Circle one of the numbers below.)

1 2 3 **4** 5 6 7 8 9 10 11 12 13 14 15 16
